This version of the Green Book was effective from April 2005 - June 2006
The Green Book
Parliamentary Salaries, Allowances and Pensions
I am pleased to introduce this new version of the Green Book, for the beginning of the 2005 Parliament.

Its principal aim is to set out in clear terms to Members the information they need on pay, allowances, pensions and responsibilities for employees. Further information on the services provided to Members by the Department of Finance and Administration (and other House departments) can be found in the Members’ Handbook.

The Green Book does not publish financial limits on the salary and allowances for Members. This information is available in the Quick Guide which provides up to the minute details on these areas as well as useful contact numbers for the Department. The Quick Guide is updated each April when salary and allowances are increased. Both the Green Book and the Quick Guide are available on the Intranet.

Members themselves are responsible for ensuring that their use of allowances is above reproach. They should seek advice in cases of doubt and read the Green Book with care. In cases of doubt or difficulty about any aspect of the allowances or how they can be used, please contact the Department of Finance and Administration. The Members Estimate Committee, which I chair, has recently restated the Department’s authority to interpret and enforce these rules.

I do hope that Members will find this new version of the Green Book to be a helpful and useful source of advice.

Department of Finance & Administration
House of Commons
London SW1A OAA
Introduction from Andrew Walker

I am pleased to have this opportunity to introduce my Department and to explain the services which we provide from our offices in 7 Millbank. We have a long history of serving Members, and we pride ourselves on the high quality of our service and on our confidentiality.

Departmental Services
We provide you with a wide range of financial and advice services. For example:

- we pay your salary as a Member, and make deductions for tax, national insurance and contributions to the Parliamentary Contributory Pension Fund;
- we pay your parliamentary allowances and provide you with monthly statements. We give advice and rulings on the use of the allowances;
- we operate a bureau payroll service so that you can pay any employees funded through the staffing allowance. We also hold certain payroll records on your behalf;
- we give guidance on human resources issues in relation to your staff;
- we arrange certain insurance policies and provide training for your staff;
- we provide health services, travel services (through the Travel Office in Star Chamber Court), and the Westminster Gymnasium (in Canon Row).

Freedom of Information
The House of Commons is a public authority under the Freedom of Information Act 2000. This means that we are under an obligation to consider requests for certain information about Members’ allowances, and where appropriate to disclose it. We summarise and collate information about your allowances for disclosure as part of the House’s publication scheme each autumn, and also deal with ad hoc requests for disclosure.

Use of Parliamentary allowances
It is your responsibility to satisfy yourself when you submit a claim, or authorise payments from your staffing allowance, that any expenditure claimed from the allowances has been wholly, exclusively and necessarily incurred for the purpose of performing your Parliamentary duties. The Parliamentary Commissioner for Standards may investigate allegations of improper use of the allowances. If you overspend, or mischarge something to your allowances, we reserve the right to deduct the costs from your salary or, if you are leaving the House, your resettlement grant.

We urge you to

- Provide all the necessary information with your claims. Documentary evidence is required for all items of spend of £250 or more, and for certain items below that amount.
- Submit claims in a regular and timely fashion, using the forms provided. We encourage you to submit the majority of your claims on a monthly or quarterly basis. The allowance year runs from 1 April to 31 March, and we must receive claims for any given year before 31 May.
- Take seriously your responsibilities as employer of your staff. If you pay them out of your allowances, you will be required to use standard forms of contract and agreed pay ranges.

Director of Finance & Administration

1.1. Members’ Salaries Section 1

1.1.1. The Department deals with Members’ pay, and the pay and expenses of Members’ staff. All salaries are paid monthly in arrears, on the last working day of every month.

1.1.2. If you change your address or your bank account please ensure that details reach us by the 15th of the month in which they are to be effective.

1.2. Members’ payroll

1.2.1. Members’ salaries are governed by Resolutions of the House, and are increased annually on 1st April in line with Senior Civil Service pay. The Department also pays certain Parliamentary Office Holders and Select Committee Chairmen*, the Chairman of Ways and Means and both Deputies. The employing Department of State pays Ministerial salaries.

1.2.2. The Department cannot pay a salary until a new Member takes the oath or affirms.

1.2.3. Contributions are automatically deducted from salary in respect of the Parliamentary Contributory Pension Fund and the Members’ Fund. See section 2.

1.3. London Supplement

Further details are available at section 4.

1.4. Tax and National Insurance

1.4.1. Income Tax and National Insurance contributions are deducted from salary payments under Pay As You Earn regulations. If you receive other income you may be entitled to defer employee National Insurance contributions. You can obtain details from your local Benefits Office.

1.4.2. The Tax Office that deals with you and your employees is:

Public Department 1
Ty Glas Road
Llanishen

Telephone (switchboard) 02920 325000
Fax number 02920 325954

1.5. Pay and Tax Information

1.5.1. Everyone paid through the Department will receive a P60 by the end of May, if they are still in employment at 5th April. This contains statutory information relating to payments and deductions.

1.5.2. The Department will also send you your form P11D that sets out the taxable expenses and benefits you have received. These are normally sent out at the end of June or early July, to meet the Inland Revenue deadline of 6th July. The Department automatically sends copies to the Tax Office.

1.5.3. If you make any payments in respect of your Parliamentary duties after the P11D has been sent to you it will be your responsibility to report these to the Inland Revenue independently.

<th>Question</th>
<th>Answer</th>
</tr>
</thead>
<tbody>
<tr>
<td>Am I in a pension scheme?</td>
<td>Yes. Once you have taken the Oath, you are a member of the Parliamentary Contributory Pension Fund (PCPF) from the day after you were elected. The PCPF has a supplementary section for Ministers, paid Select Committee Chairmen and paid Office Holders. Details will be supplied at the time they become relevant.</td>
</tr>
<tr>
<td>Do I have to be in the PCPF?</td>
<td>No, you may opt out at any time provided you give at least one month’s notice, and sign the special form available from the Pensions Unit to confirm that you understand the valuable benefits you are giving up by choosing not to be in the PCPF.</td>
</tr>
<tr>
<td>How much does it cost me?</td>
<td>You can choose to make contributions of either 6% or 10% of gross pay (see below). Once you have made your choice, you cannot later change your mind, even if you have a break in service. The effect on your take home pay is much less than the 6% or 10% contribution, as you benefit from relief from tax at your highest rate, and also pay a lower rate of National Insurance.</td>
</tr>
<tr>
<td>Why is my National Insurance contribution reduced?</td>
<td>While you are a member of the PCPF, you continue to build up rights to the Basic State Pension, but not to the Additional State Pension. (This used to be the State Earnings Related Pension, and is now the State Second Pension (S2P)). The PCPF is allowed to “contract out” because it provides benefits which meet - and indeed substantially exceed - certain minimum criteria.</td>
</tr>
<tr>
<td>What are the benefits?</td>
<td>If you pay 6% contributions, you normally build up benefits at 1/50th of your final salary for each year you are contributing to the PCPF. If you pay 10%, you normally build up benefits at 1/40th.</td>
</tr>
<tr>
<td>Why “normally” 1/40th or 1/50th - what are the exceptions?</td>
<td>The rules of the PCPF place limits on maximum pension you can build up. If you have “retained benefits” (pension benefits from other sources, such as a previous company scheme or personal pension/retirement annuity contract, whether or not they have come into payment) at the time you join the PCPF, these may restrict your PCPF benefits. <strong>For your own protection, it is vital that you ask the Pensions Unit for more information, and then discuss this with your own professional advisers.</strong></td>
</tr>
<tr>
<td>Can I top up these benefits?</td>
<td>You may be able to do so by paying extra personal contributions. Limits apply both to the amounts you can contribute and to the benefits you can build up. Please ask the Pensions Unit for more information.</td>
</tr>
<tr>
<td>Question</td>
<td>Answer</td>
</tr>
<tr>
<td>-------------------------------------------------------------------------</td>
<td>------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------</td>
</tr>
<tr>
<td>At what age can I draw my pension?</td>
<td>You cannot draw your pension until you cease to be an MP. The normal pension age under the PCPF is 65. Early retirement (including on grounds of ill health) is possible, as is late retirement. Again, please ask the Pensions Unit for more information.</td>
</tr>
<tr>
<td>What benefits are payable if I die while I am a serving MP?</td>
<td>A death gratuity of 4 x basic salary may be payable at the Trustees’ discretion (unless you have opted out of the PCPF). You can obtain a Nomination Form from the Pensions Unit. Please update this if your personal circumstances change. Partners and dependent children are normally eligible for dependents’ pensions.</td>
</tr>
<tr>
<td>Can I continue to contribute to my existing personal pension?</td>
<td>Please check with your pension provider or financial adviser. It may be possible if you have a source of earned income from outside the House, or in certain other circumstances.</td>
</tr>
<tr>
<td>Why am I paying £2.00 per month to the HCMF?</td>
<td>The House of Commons Members’ Fund is basically a benevolent fund. It provides for ex-Members who find themselves in difficult straits. Currently you have to pay £2.00 a month from your salary to the fund. (You receive tax relief on this contribution.) We deduct this automatically from your salary. The fund is managed by six trustees who are sitting Members of Parliament. The Public Trustee acts as Custodian Trustee, with the Pensions Unit secretariat providing administrative support. For further information or assistance apply to: The HCMF Trustees c/o Pensions Unit Secretariat Department of Finance and Administration House of Commons London SW1A 0AA</td>
</tr>
<tr>
<td>What about pensions for my staff?</td>
<td>All of your staff who are on a contract of 3 months or longer are automatically enrolled in a group stakeholder pension (Portcullis Pension Plan) to which the House of Commons contributes 10% of salary. This cost is not taken from your allowances. Your staff will also benefit from life assurance worth twice their annual salary. We will send full details to all new employees. Staff can opt out of these benefits or pay additional contributions if they wish.</td>
</tr>
<tr>
<td>FREQUENTLY ASKED QUESTIONS</td>
<td></td>
</tr>
<tr>
<td>---------------------------</td>
<td></td>
</tr>
<tr>
<td>What can I claim?</td>
<td>Only those additional costs wholly, exclusively and necessarily incurred to enable you to stay overnight away from your only or main UK residence, either in London or in the constituency. If you receive the London Supplement you will not be eligible.</td>
</tr>
<tr>
<td>What supporting documents do I have to provide?</td>
<td>We ask for receipts for items of expenditure of £250 or more (except for food), and for all hotel bills. If you are claiming rental or mortgage interest we ask for a copy of your rental agreement or your latest mortgage interest statement. Section 3.6 explains the requirements more fully.</td>
</tr>
<tr>
<td>Can you pay my bills direct?</td>
<td>No, you must pay them yourself and claim reimbursement from us.</td>
</tr>
<tr>
<td>Can I transfer costs into the next year’s allowance budget?</td>
<td>No, we can only reimburse expenses for the financial year in which they occurred.</td>
</tr>
<tr>
<td>What do I have to do if I want to change my mortgage or move home?</td>
<td>Please consult us in advance. There are strict rules on the costs that can be claimed, and you may need to change the nomination of your main home.</td>
</tr>
</tbody>

* Sometimes referred to as the Living Away from Home Allowance, Overnight Allowance, Accommodation Allowance.
3.1.1. Scope of allowance  
The additional costs allowance (ACA) reimburses Members of Parliament for expenses wholly, exclusively and necessarily incurred when staying overnight away from their main UK residence (referred to below as their main home) for the purpose of performing Parliamentary duties. This excludes expenses that have been incurred for purely personal or political purposes.

Eligibility  
3.2.1. You can claim ACA if:  
a. You have stayed overnight in the UK away from your only or main home, and  
b. This was for the purpose of performing your Parliamentary duties, and  
c. You have necessarily incurred additional costs in so doing, and  
d. You represent a constituency in outer London or outside London.

Note: You cannot claim ACA if you represent an inner London constituency. Instead you will automatically receive the London supplement with your salary. If you represent an outer London constituency you can choose between receiving the London supplement and ACA.

What you can claim if you are eligible for the allowance  
3.3.1. Location of overnight stays  
If your main home is in the constituency, you can claim ACA for overnight stays in London - or in another part of the constituency if reasonably necessary in view of the distance from your only or main home.

If your main home is in London you can claim for overnight stays in the constituency.

If your main home is neither in London nor the constituency you can choose in which of these areas to claim ACA.

See section 3.9.1. for definition of your main home.

3.4.1. Avoiding duplicate claims  
You must inform the Department if you claim ACA for a second home and you wish to claim against the incidental expenses provision for any of the costs associated with an office on these premises (eg heating, lighting, decoration, furniture, telephones, etc). You must make sure that you do not claim twice for any element of these costs.

Eligibility  
3.4.2. You must not claim ACA for more than one location at any time.

3.4.3. You must inform the Department if you are claiming ACA in respect of a property which you share with another Member.

3.5.1. Subletting, lodgers, paying guests etc  
You are strongly advised to avoid subletting or renting out any part of a property for which you claim the additional costs allowance. However, if you have such an arrangement you should send a copy of the agreement with your tenant or lodger to the Department. We will reduce the ceiling on your claims for that year by the rental income for that year.

3.6.1. Documentation needed  
Please supply the following:
- If you have a mortgage, a copy of your last statement of interest - and future statements at annual intervals. If this does not give enough information about the mortgage, further evidence may be required
- If you lease a property, a copy of your lease agreement
- If you sublet or rent out a portion of your property, a copy of the relevant agreement with your tenant or lodger
- Any documentation relating to changes to these arrangements
- If you stay in a hotel, all hotel receipts (including those under £250)
- Invoices/receipts for all items of expenditure of £250 or more (except for food.)

---

1 See section 4 on the London Supplement, which lists inner and outer London constituencies.
3.9.1. Definitions

Main home

When you enter Parliament we will ask you to give the address of your main UK home on form ACA1 for the purposes of ACA and travel entitlements. Members are expected to locate their main homes in the UK. It is your responsibility to tell us if your main home changes. This will remain your main home unless you tell us otherwise.

The location of your main home will normally be a matter of fact. If you have more than one home, your main home will normally be the one where you spend more nights than any other.

If there is any doubt about which is your main home, please consult the Department of Finance and Administration.

Constituency

For the purpose of the ACA, overnight stays within 20 miles of your constituency boundary are regarded as overnight stays within your constituency.

London

Similarly, for the purposes of the ACA, overnight stays within 20 miles of the Palace of Westminster are deemed to be overnight stays within London.

3.10.1. Changes to your living arrangements

If you change the location of your main or second home please let us know promptly, as it may affect your ACA claim. For example, if your constituency is outside London and you move your main home from the constituency to London, this will mean that you can no longer claim ACA in London.

† If you leave at a General Election your entitlement to the ACA will end on the date of Dissolution.
3.11.1. Examples of expenditure allowable under additional costs allowance

Incidental Expenses Provision (IEP) Section 5

ENQUIRIES & ADVICE 020 7219 1340

FREQUENTLY ASKED QUESTIONS

What can I use the IEP for?
You can use it to pay for:
- Office and surgery accommodation
- Equipment and supplies for the office and/or surgery
- Work commissioned and bought in services
- Communications and travel
- Certain staff related costs. (In order to meet these, you must transfer funds into the staffing allowance)
Please see the detailed guidance in section 5.13.

How do I claim?
There are three main ways to claim:
- You can meet the bill yourself and claim the sum back. Use a Members’ Reimbursement form (C1). (You can also use a Direct Payment to Staff form (SA3) to reimburse an employee who has purchased supplies for you)
- We can pay the supplier direct. Use a Direct Payment to Third Parties form (C2) and attach a copy of the invoice
- You can set up a regular payment arrangement. Use a Periodic Payments form (B1), and attach a copy of your contract with the supplier.

How long does it take for payment to be made?
We aim to pay invoices within 7 working days of an invoice reaching us. Please submit invoices promptly.

What statements will I get?
The Department will send you a monthly statement showing actual expenditure to date.
5.1.1. Scope of the allowance
The incidental expenses provision (IEP) is available to meet costs incurred on Members’ Parliamentary duties. It cannot be used to meet personal costs, or the costs of party political activities or campaigning. The paragraphs which follow outline the main areas of expenditure which we recognise as incurred in supporting these duties, but it is each Member's responsibility to ensure that all expenditure funded by the IEP is wholly, exclusively and necessarily incurred on Parliamentary duties.

5.2.1. Eligibility
It is open to all Members of Parliament to apply for the IEP.

5.3.1. Allowable expenditure
The IEP may be used to meet the following expenses:
❖ Accommodation for office or surgery use - or for occasional meetings
❖ Equipment and supplies for the office or surgery
❖ Work commissioned and other services
❖ Certain travel and communications.
In addition, you may transfer money from the IEP to the staffing allowance to meet staffing costs.

5.3.2. Section 5.13. lists examples of allowable and non-allowable expenditure under these headings. Even if an item is listed in the category of allowable expenditure, it is only allowable if the spend is wholly, exclusively and necessarily incurred on Parliamentary duties. For further guidance please contact the help numbers above.

5.4.1. Proportion of the allowance which may be claimed during the year
The allowances year runs from 1 April to 31 March. Subject to paragraph 5.4.2., there is no ceiling on the proportion of this allowance which you may draw down at any point in the year.

5.4.2. If you enter or leave Parliament part way through the allowances year your entitlement will be calculated on a quarterly basis. For example, if you leave in July (ie during the second quarter) you will be entitled to two quarters’ worth of the IEP. If you have spent more than this you will be asked to repay the excess.

5.5.1. Tax implications
The IEP is taxable and must be included in your tax return, but expenses which the Inland Revenue accepts as wholly, exclusively and necessarily incurred in the performance of your Parliamentary duties are eligible for tax relief.

5.5.2. Some of the items allowable under the incidental expenses provision may nevertheless give rise to a tax charge. For information about tax implications see the booklet ‘MPs, Ministers and Tax’, obtainable from the Department, or contact the Inland Revenue on 0207 273 8052.

5.6.1. Transfers into and out of the IEP
You may choose to transfer money from the IEP to the staffing allowance at any point in the allowances year. You may also transfer up to 10% of the staffing allowance to the IEP subject to the rules listed in section 6.3.1.

5.7.1. Annual adjustment
The IEP will be adjusted annually in line with the movement in the Retail Prices Index. Each April, the Department will announce the increase in IEP for the year ahead.

5.8.1. At the end of the allowances year
If part of the IEP remains unspent at the end of the allowances year, then - providing the spend was incurred during that year - claims may be made against it for 2 months ie until the end of May. In some circumstances* you may carry forward an unspent balance or draw down money from the following year's allowance in advance.

5.9.1. Avoidance of overspends
We can process claims only whilst there are sufficient funds remaining in the IEP to cover these costs. You can augment the IEP with a transfer from the staffing allowance or with an advance against a future year. (See 5.6.1. and 5.8.1. above). But you must not top up the IEP with funds from outside the allowances.

5.9.2. If you have exhausted the IEP and cannot augment it, it will be your responsibility to meet any bills due from your own resources. The Department will not process these.

5.10.1. Verifiable expenditure
Evidence in the form of invoices or receipts must be provided for all items of expenditure of £250 or more.

* See factsheet available on the Parliamentary Intranet. You can find it under ‘A’ for allowances in the site index.
5.11.1. Spend which may be met from the incidental expenses provision
Pages 17-18 give examples of expenditure which is allowable, provided that it is incurred wholly, exclusively and necessarily on Parliamentary duties. There are also examples of expenditure which is not allowable. If in doubt please consult the help number given at the top of this page.

Rules on the arrangements for Members’ constituency Offices

5.12.1. Principles
You must ensure that arrangements for your office and surgery premises are above reproach and that there can be no grounds for a suggestion of misuse of public money.

5.12.2. Propriety
You must avoid any arrangement which may give rise to an accusation that you - or someone close to you - is obtaining an element of profit from public funds; or that public money is being diverted for the benefit of a political organisation. The allowances must not be used to meet the costs of leasing accommodation from:

- Yourself (But see paragraph 5.12.9. on using an office in your home)
- A close business associate, or any organisation in which you - or a partner or family member - have an interest
- A partner or family member (which includes relatives by blood and by marriage.)

5.12.3.
If the accommodation is leased from a political party or a constituency association, you must ask an independent valuer to assess the property in order to ensure that it is being rented at no more than the market rate. See also paragraph 5.12.5. on agreements for accommodation and services in combination.

5.12.4.
You should seek advice from the Registrar of Members’ Interests if the premises are provided rent free or at a rental below market rates.

Other issues
The following arrangements require particular care:

5.12.5. Contracts for staff, services etc in combination with accommodation
You must negotiate a separate contract for accommodation and another one for services (eg staffing, telephony, use of photocopiers etc). Any agreement for staffing facilities and/or services, and the charges, must be set out in writing separately from any agreement for accommodation. Charges must be for actual, not nominal, services, and the service charges must accurately reflect the levels of service provided. You must lodge a copy of the agreement with the Department and ensure that any subsequent changes are notified in writing immediately to the Department.

5.12.6. Sharing arrangements between Members, and sharing with Members of Devolved Bodies and Members of the European Parliament
Secure separate billing arrangements wherever possible. Where separate billing is not feasible you must lodge with the Department a copy of the agreement setting out how the costs will be divided. If one Member agrees to meet the costs in full initially, and to recover from the other parties to the arrangements you must lodge with the Department the agreement to do this. The sums recovered must be remitted to the Department for credit to the incidental expenses provision.

5.12.7. Sublets
In view of the practical difficulties which may arise, you may not sublet accommodation which you lease and pay for out of the allowances. [Exceptions may be allowed for sublets existing in January 2002 when this restriction was introduced.]

You must also inform the Department of any alterations to the terms of these.

5.12.9. Homes used as offices
You may use as an office for your Parliamentary duties any part of your home, or of any other building which you lease or own. You may claim for any additional costs incurred (eg extra telephone lines, heat, light) but not leasing or mortgage costs.

5.12.10. Occasional use of office premises by others
You may charge for occasional use of your premises by others. (This must not exceed 20 days per year.) The charge should be set at a level which reflects a proportion of the leasing costs and the cost of any services used. You should ensure that full and proper accounts are kept of all relevant transactions.

5.12.11. Information required by the Inland Revenue
You should note in your tax return any income derived from letting or sharing your office, and from occasional use of the premises by others etc.

The Department will tell you at the start of the allowances year, which begins on 1 April. See explanation in section 6.7.

Ask the Department for a new starter pack which contains information for your new employee and a copy of a form SA1 for you to fill in before your employee is paid.

Yes. You must send a copy of the contract of employment to the validation team within 8 weeks of your employee starting work.

Ask the Department for a copy of form SA2.

We will issue a projection at the beginning of the allowances year. We will update this as needed when your staffing arrangements change.

No.

You may be able to claim temporary secretarial allowance. You can find out about this via a factsheet available on the Parliamentary Intranet.

Yes, but only if you have a constituency office registered with the Department and you use the funds to meet the costs listed as allowable in 5.13.1.

1 See under ‘A’ for allowances on the Parliamentary Intranet.
6.1.1. Scope of allowance
The staffing allowance is available to meet the costs wholly, exclusively and necessarily incurred on the provision of staff to help you perform your Parliamentary duties. Further details of allowable expenditure are set out at paragraph 6.10.1.

6.2.1. Eligibility
Subject to the paragraphs which follow, all Members of Parliament may draw on the staffing allowance to pay their staff. It is a Member’s responsibility to ensure that staff paid from this allowance are
❖ employed to meet a genuine need in supporting you, the Member, in performing your Parliamentary duties;
❖ able and (if necessary) qualified to do the job;
❖ actually doing the job
and that the resulting costs, in so far as they are charged to this allowance, are reasonable and entirely attributable to the Member’s Parliamentary work.

6.3.1. Transfers to and from the staffing allowance
If you have a constituency office registered with the Department, you may transfer money from your staffing allowance to your IEP to meet costs listed in paragraph 5.13.1. The sum to be transferred must be
❖ a minimum of £500
❖ no more than 10% of the relevant year’s staffing allowance.

6.3.2. The staffing allowance is ring-fenced. Except as set out in 6.3.1. above, you may not switch funds out of the staffing allowance for use elsewhere.

6.3.3. You may supplement the staffing allowance by drawing on any surplus funds either from your own Parliamentary salary or from the incidental expenses provision.

6.4.1. Period for which claims may be submitted
The allowances year runs from 1 April to 31 March. Subject to the paragraph which follows, there is no ceiling on the proportion of this allowance which you may draw down at any point in the year.

6.4.2. If you enter or leave Parliament part way through the allowances year your entitlement will be calculated on a quarterly basis. For example, if you leave in July (i.e during the second quarter) you will be entitled to two quarters’ worth of the staffing allowance. If you have spent more than this you will be asked to repay the excess.

6.5.1. Paying for bought-in services
The costs of bought-in services may be met from the IEP, or alternatively from the staffing allowance. If you charge bought-in services to the staffing allowance the total costs in any allowances year may not exceed 25% of that allowance. (See section 6.10.1. for guidance on those bought-in services which are regarded as allowable.)

6.6.1. Annual adjustment
The ceiling on the staffing allowance will be adjusted annually in line with the movements in pay for similar jobs outside the House. At the beginning of each allowances year the Department will advise Members of the ceiling for their staffing allowance. We will not however uprate the pay of Members’ staff automatically. If you wish to increase the pay of your staff, please notify the salary services section.

6.7.1. At the end of the allowances year
If part of the staffing allowance remains unspent at the end of the allowances year, then for a further 2 months until the end of May you may draw on the unspent allowance, eg for bonuses or overtime payments - providing that these relate to work done during the year in question. See also paragraph 6.10.1. for rules on bonuses.

6.7.2. Carry forward of unspent amounts at year end and provision for advances
If you have specific spending plans you can apply to carry forward up to 10% of the staffing allowance at year-end. In certain circumstances you can also ask for an advance.¹

¹ Further details are in a factsheet available on the Parliamentary Intranet. See under ‘A’ for allowances.
6.8.1. Avoidance of overspends
You must ensure that funds are available to meet all commitments. If the staffing allowance is exhausted and you have commitments to pay staff, the Department will only honour these if you transfer money into the staffing allowance in advance from the incidental expenses provision or out of your own Parliamentary salary. The Department of Finance and Administration is not empowered to honour your commitments if you do not do this.

6.9. Employment issues

6.9.1. The role of employer
You, not the Department, have the responsibilities of employer towards any employees paid from your staffing allowance. It is your responsibility to ensure that you conform with employment law.

6.9.2. Taking on employees
Employees who are paid from your staffing allowance must be paid in accordance with the pay ranges linked to the job descriptions and standard contracts prepared by the Department and approved by the Advisory Panel on Members’ Allowances. These are available both on the Parliamentary Intranet and also on the website www.w4mp.org

6.9.3.
The Department provides standard employment contracts which you must use when taking on new employees. But it is important that you understand your responsibilities as an employer and that your employees understand their responsibilities.

6.9.4.
Exceptions in respect of standard employment contracts and pay ranges may be made for staff who were employed before 5 July 2001 and therefore have pre-existing employment rights, self employed staff who are recognised as such by the Inland Revenue and a very small number of staff approved by the Department who are employed on non-standard jobs eg facilitators for disabled Members.

6.9.5.
You may wish to incentivise or reward staff by giving them one-off bonuses. Bonuses are limited to 15% of the gross annual salary received by that employee in the year in question.

6.9.6.
When you take on an employee you must
❖ complete Form SA1 and forward it to the Department. We need to receive this by the 15th of the month in order to include your new employee on the monthly payroll.
❖ complete an employment contract and job description and lodge this with the Department within 8 weeks of your employee’s start date. If we do not receive this we will take steps to remove your employee from the payroll.

6.9.7. Pay increases and changes to terms and conditions
We will adjust the ceiling on your staffing allowance each year in line with the movement in pay for similar jobs outside the House. We will not however uprate the pay of your staff automatically. This is a decision for you as employer. If you wish to increase the pay of your staff, please notify the Department using form SA2.

6.9.8. Record keeping
As part of our payroll service we will keep records of payments made. However you are responsible for keeping other records eg of contractual changes, holiday taken by your employees and sickness absence.

6.9.9. Absence from the office
If you have an employee who is absent because of sickness you must forward any relevant certificates to the payment and payroll control section.

6.9.10.
If you have an employee who is absent for more than two weeks on sick leave, adoption leave, maternity leave or because of a disability within the meaning of the Disability Discrimination Act 1995 you may be able to claim temporary secretarial allowance\(^1\) to meet the costs of a substitute employee or contractor, or additional hours for your other staff. We will require documentary evidence of the reason for your employee’s absence.

6.9.11. In the event of problems
We provide a Personnel Advice Service for Members (020 7219 2080, or e-mail pas@parliament.uk). We recommend that you seek advice promptly in the event of problems with performance, attendance etc.

\(^1\) Further details are in a factsheet available on the Parliamentary Intranet. See under ‘A’ for allowances in the site index.
When your staff leave

6.9.12.
Please notify the Department using form SA4. You can use this form to notify us of any payment which needs to be made for holiday not taken etc.

6.9.13.
If you make an employee redundant but you are not yourself leaving the House you may need to make a redundancy payment. This will come from your own allowances. (But if you are leaving the House, statutory redundancy payments will come from central funds.)

Pensions contributions

If you have employees who are paid out of the staffing allowance and they work for you for three months or more we will normally make regular payments equivalent to 10% of salary to the Portcullis Pension Plan. The Plan is a group stakeholder arrangement. The 10% can be paid to one of the two nominated providers, or split between them either as your employees choose, or 50:50 as a default arrangement.

We will send full details of the Plan to all new employees.

6.10.1. Allowable expenditure

The following list below gives examples of expenditure which are allowable, provided that the expenditure is wholly, exclusively and necessarily incurred on Parliamentary duties. It also gives examples of expenditure which is not allowable. If in doubt please consult the help numbers given.

1 Bonuses paid during the year may not exceed 15% of that employee’s gross annual salary/received in the year.
2 Litigation. Members finding themselves involved in litigation solely relating to actions arising from the performance of their duties as a Member of Parliament or as an employer should contact the Head of the Operations Directorate immediately. If the action relates to an employee, please seek advice from the Department.
3 You are encouraged to pay subsistence for your staff if they attend training activities away from their work place.
4 These should be considered as part of the overall remuneration package for the purpose of the guidance on salaries issued by the Department of Finance and Administration. They should not be paid in addition to the recommended salary levels.
5 Members’ employees may claim childcare vouchers from central funds. Further details are available on the Parliamentary Intranet, under ‘C’ for childcare in the site index.

8.1.1. Each political party is responsible for the allocation of individual entitlements.

8.1.2. The provision of financial assistance to Opposition parties or ‘Short Money’, as it is commonly known, is governed by a resolution of the House. It is only available to assist Opposition parties to carry out their Parliamentary business. It is automatically paid in arrears every month.

8.2.1. **Conditions of eligibility**
In order to qualify, Opposition parties must have:

a. At least two Members of Parliament who were elected at the previous general election as members of that party;

or

b. One Member elected with at least 150,000 votes.

8.3.1. **Sums payable**
The total payable to each qualifying Opposition party is linked to a formula based on the number of seats won and votes cast at the previous general election.

8.3.2. Amounts are increased annually in April in line with RPI.

8.4.1. **Leader of the Opposition**
Financial assistance is also available for costs necessarily incurred for running the office of the Leader of the Opposition: this also increases every year in line with the RPI, and is payable in arrears at periods of not less than one month.

8.5.1. **Travel claims**
A separate budget is available for travel and associated expenses necessarily incurred by Opposition parties’ spokesmen. Travel claims should be sent to the Department monthly.

8.6.1. **Independent audit**
Each party claiming Short Money must provide a certificate from an independent professional auditor, no later than nine months after 31st March each year, to the effect that all expenses relating to Short Money payments for the year were incurred exclusively in relation to the party’s Parliamentary business. Any sums remaining unspent at the end of the year (31st March) must be returned to the Department. If an acceptable certificate has not been provided within nine months after the end of the financial year, payments will be suspended until an acceptable certificate has been received. The audit certificate should be in a standard form, as set out below.

Following the receipt of a valid audit certificate, any underspend of the monies already paid to an individual party will be reclaimed by the Department of Finance and Administration.

8.7.1. **In a general election year**
The periods before and after an election will be treated as separate periods. The sums payable will be apportioned according to the number of days in each period.

Certificate of an Independent Professional Auditor in Respect of Financial Assistance Received by an Opposition Party

Certificate of the Auditor to the Accounting Officer of the House of Commons

Opinion
In my opinion, in all material respects, all expenses for which the opposition party received financial assistance amounting to £ for the year ended were incurred exclusively in relation to the party's parliamentary business in accordance with the requirements of Section 5 (1) of the Resolution of the House of Commons of 26 May 1999.

You cannot use your incidental expenses provision, staffing or travel allowances for expenses incurred after your leaving date. Instead you can use the winding up allowance to reimburse you for certain costs. See below.

Your staff will receive:

- Salary payments (and any bonuses due) as usual from the staffing allowance, up to and including your leaving date;
- Salary payments (including notice pay) after that date from the winding up allowance, if you so wish.
- Statutory redundancy payments from central funds if they meet the conditions for these;
- If you so wish, certain additional redundancy payments or certain termination payments from your winding up allowance.
- If you so wish, bonuses, subject to the usual rule that these must not exceed 15% of the salary paid during that year. You must use your staffing allowance to pay any bonuses for the period before your leaving date, and your winding up allowance to pay for any bonuses for work done after your leaving date.

Please note that there are strict limitations on payments which you can make to staff when you leave the House. If in doubt please seek advice.

You must tell us which staff are to be paid from the winding up allowance. You must also give them notice of redundancy and tell us their last day of service.

Winding Up Allowance

Section 10

Scope of the allowance

10.1.1. The winding up allowance is a wide ranging allowance which you can use to meet travel costs, office and staff costs necessarily incurred on your parliamentary duties after the General Election. For example, you are expected to use it to meet office rental and utility bills while you close down for your office, and also for pay and notice for your staff after the General Election. It covers expenses which before your departure you could have charged to your staffing allowance or incidental expenses provision, plus certain other costs as set out below. You must make the payment yourself and then claim reimbursement.

10.1.2. The maximum amount of the winding up allowance is calculated by summing the full staffing allowance and incidental expenses provision which you expected to receive in the year in question, and then dividing by three.

Allowable costs

10.1.3. The following costs are likely to be allowable:

❖ Salary and NI costs for any staff who continue to work for you. Although most offices are wound up quickly, we can provide payroll services for a maximum of four months from the date of the General Election provided your staff are still working for you.

❖ Other contractual liabilities for staff in respect of the period after the date of the General Election eg overtime if worked, notice pay or pay in lieu of notice if allowed by staff contracts;

❖ Employee pensions contributions in respect of service during the winding up period.

❖ Redundancy or termination payments to staff, subject to certain rules set out in the guidance for Members who leave the House;

❖ Contractual liabilities for offices and/or equipment, eg office rent and utility bills; rental payments for the notice period

❖ Travel costs where necessary for completion of Parliamentary business. Specifically this includes
  • for yourself, journeys between any two of the following three points: your main home, London and the constituency; and also travel within the constituency;
  • for your staff, travel within the constituency and between London and the constituency.

❖ Postage, stationery and telephone costs [Ex-Members must not use prepaid envelopes or official stationery bearing the portcullis].

❖ The costs of redecorating your office and making good dilapidations if required by your rental agreement;

❖ The costs of removing furniture etc from your office;

❖ Other costs such as the shredding of confidential waste or cleaning the hard disk of any IT equipment which you have bought from the allowances. NB: If you have IT equipment on loan from the Parliamentary Communications Directorate, this will be retrieved and professionally cleaned;

❖ The costs of leaving any home funded through the additional costs allowance. This may include removal costs, notice pay to your landlord, and redecoration if required by your agreement with your landlord.

Costs not allowable

10.1.4. The following are examples of costs which are not allowed:

❖ Costs of any building or refurbishment work in your home

❖ Any payments to your office landlord which are not required by your rental agreement

❖ Purchases of furniture or equipment

❖ Any costs which would formerly have been met from your additional costs allowance

❖ Costs relating to the period before the date of the General Election. NB: You must consult the Department before buying furniture or equipment after you know you are leaving the House

❖ Costs of or arising from party political activity

❖ Any ongoing costs associated with your second home eg mortgage interest, utility or telephone costs, rent (unless this is notice pay)

❖ The costs of selling a second home eg legal costs, estate agents fees.
